RE: Notice of Discontinuance of Common Carrier Broadband Internet Access Transmission Service Under Tariff and Change to Offering of Service on a Private Carriage Basis Only

GN Docket No. 14-28; CC Docket No. 02-33; WC Docket No. 10-90

Dear Ms. Monteith,

Pursuant to the 2006 *Wireline Broadband Classification Order*¹, the 2016 *Rate-of-Return Reform Order*², and the *Open Internet Order*³, Redwood County Telephone Company, Study Area Code 361472, is hereby providing the FCC with the attached notice of the Company's discontinuance of common carrier broadband Internet access transmission service under tariff, effective July 1, 2017. Redwood County Telephone Company had detariffed its consumer broadband-only loop service at the establishment of the CBOL service. In addition, the Company will offer and provide broadband Internet access transmission service including CBOL only to its affiliated Internet service provider on a private carriage basis.

Following the notice to the FCC is the notice that Redwood County Telephone Company furnished its affiliated Internet service provider, which is presently the only customer of the Company's broadband Internet access transmission service.

A copy of this notice is also being sent to the Minnesota Public Utilities Commission, the Governor of Minnesota, and the Special Assistant for Telecommunications at the Department of Defense.

**Notice of Discontinuance of Common Carrier Broadband Internet Access Transmission
Service Under Tariff
CC Docket No. 02-33
GN Docket No. 14-28
WC Docket No. 10-90**

Redwood County Telephone Company currently offers common carrier broadband Internet access transmission service under tariff through the National Exchange Carrier Association (NECA) Tariff F.C.C. No. 5. Redwood County Telephone Company hereby provides notice that the Company has requested from NECA that it remove the Company as a provider of Digital Subscriber Line Access under Tariff F.C.C. No. 5, effective July 1, 2017. Redwood County Telephone Company had previously ceased offering Consumer Broadband-Only Loop service under tariff and currently offers on a detariffed basis.

Redwood County Telephone Company will continue to provide broadband Internet access transmission service on a permissive detariffed basis and on a private carriage basis exclusively to its affiliate Internet service provider (ISP). Since the Company will cease to offer its broadband Internet access transmission on a common carrier basis, it is no longer necessary for it to make public the rates, terms, and conditions of the service. Instead, the rates, terms and conditions of the service will be furnished upon request to its affiliate ISP via intercompany memorandum.

The permissive detariffing of Redwood County Telephone Company's broadband Internet access and CBOL service will apply to the entirety of the Company's study area. This includes the following exchanges: Belview, Echo, Falls Junction, Morgan, Red Del, Seaforth, Vesta, Wabasso/Wanda, Walnut Grove, and Wood Lake.

Presently, Redwood County Telephone Company's only customer for its broadband Internet access transmission service is the Company's own non-regulated ISP affiliate. The Company's affiliated ISP purchases broadband Internet access transmission and CBOL service for use as an input to the retail broadband Internet access services it offers to residential and business end-user customers. The discontinuance of the tariffed offering of broadband Internet access transmission and CBOL and the change to offering under a private carriage arrangement will have no effect on the end-user services provided by the Company's affiliated ISP.

On April 27, 2017, Redwood County Telephone Company furnished its affiliated ISP with the attached memorandum, which notifies the ISP of the Company's plan to discontinue its provisioning of broadband Internet access transmission service under tariff and change to a private carriage basis exclusively.

RE: Notice of Detariffing of Broadband Internet Access Transmission and Consumer Broadband-Only Loop Service

This is to notify you of a change in the way in which Redwood County Telephone Company provides broadband Internet access transmission and CBOL service, which is used as an input for the broadband Internet access services that you offer to residential and business end-user customers.

Presently, Redwood County Telephone Company provides broadband Internet access transmission service under tariff through the National Exchange Carrier Association (NECA) Tariff F.C.C. No. 5. Effective July 1, 2017, Redwood County Telephone Company will no longer offer its broadband Internet access transmission service under the NECA tariff. Instead, it will offer the service on a detariffed basis similar to how Redwood County Telephone Company provides your current CBOL service. Additionally, Redwood County Telephone Company will be changing the overall service offering to a private carriage basis. Service offerings on a private carriage basis are made exclusively to affiliate companies of Redwood County Telephone Company. As an affiliate of Redwood County Telephone Company all rates, terms and conditions will be furnished upon request via intercompany memorandum.

Redwood County Telephone Company's detariffed, private carriage broadband Internet access transmission and CBOL services will be offered throughout the entirety of the Company's service area. This includes the following exchanges: Belview, Echo, Falls Junction, Morgan, Red Del, Seaforth, Vesta, Wabasso/Wanda, Walnut Grove, and Wood Lake.

The discontinuance of the tariffed offering of broadband Internet access transmission and CBOL service will have no effect upon these services or the manner in which you purchase them.
